

# School District of **WASHINGTON**

## **DESE SUBSTITUTE SURVEY**

Senate Bill 681, passed by the Missouri legislature and signed into law by Governor Parson, directs that the Department of Elementary and Secondary Education maintain a web-based survey for collecting anonymous information from substitute teachers serving in public schools. It further directs that those individuals complete the survey at the end of each day they work as a substitute in a local education agency.

The survey collects information about the substitute teacher, including their age and level of education. It also collects information about the particular assignment the individual had each day, including the grade, school, and district in which the substitute worked, as well as the rate of pay. Finally, the survey collects information on student health or safety issues that the substitute teacher encountered. If you do have concerns regarding student health or safety, please notify the building principal that same day as well.
