

# How to Power wash and re-enroll a Chromebook

1. Make sure this chrome book is turned on. If not, then power on device.
2. Press **Esc** and **⌂** (refresh) and **power** buttons all at the same time. Release the **power** button, then wait for the next screen.

*Please view below for power button locations:*

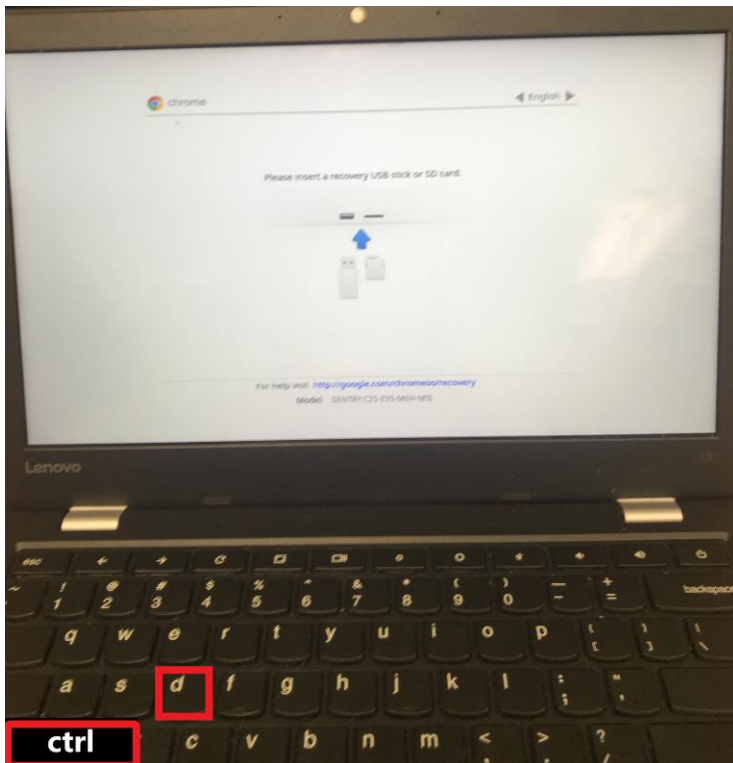

**Teacher Device:**

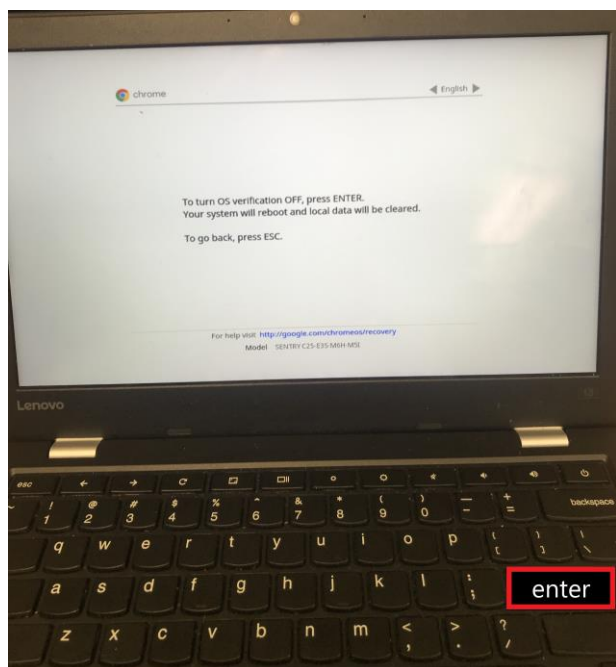

**Student Device:**

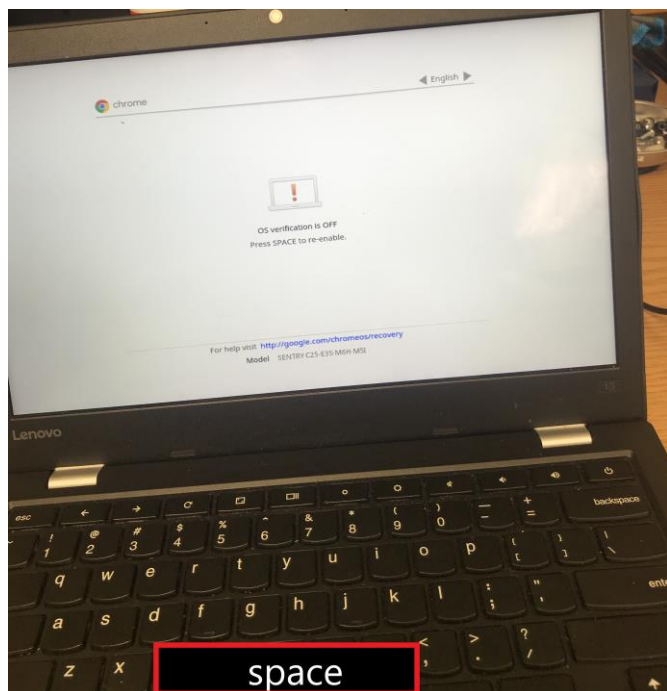

3. You should now see a message that says. “**Please insert a recovery USB stick or card.**” Press the **ctrl + D** keys at the same time.

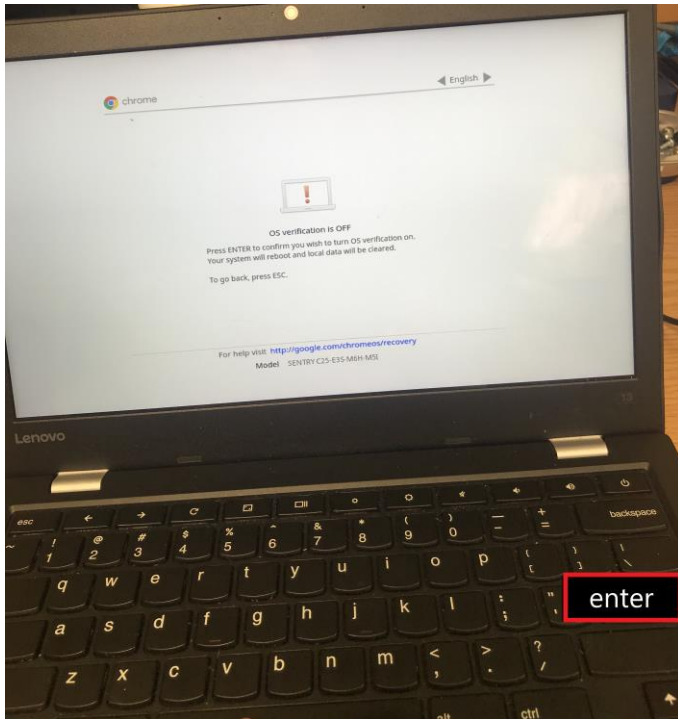

4. Now you should see a message that says, **“To turn OS verification Off, press Enter. Your system will reboot and local data will be cleared.”** Press the **Enter** key.

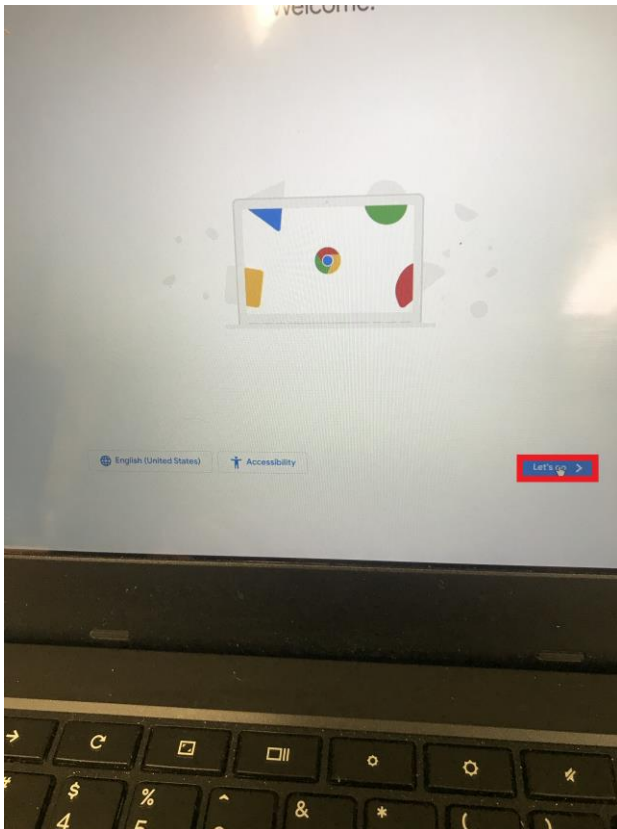

5. Now you should see a message that says, **“OS verification is Off, press Space to re-enable”**. Press the **Space** key.

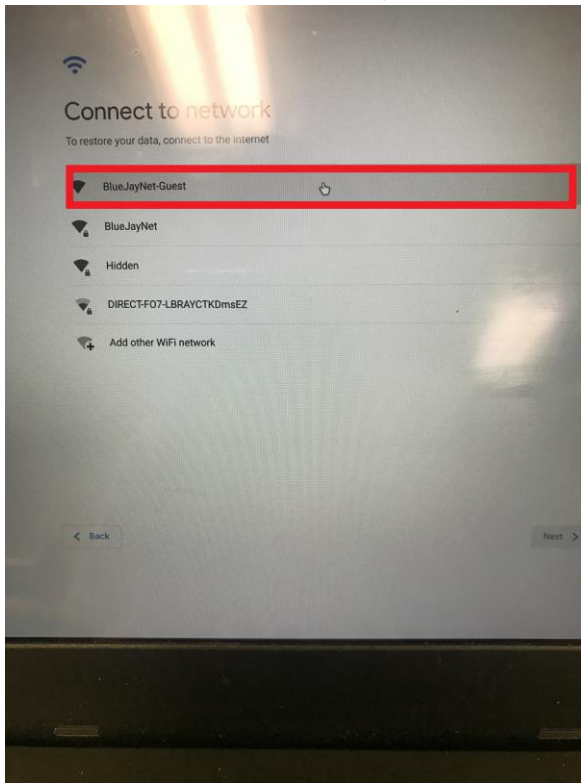

6. Now you should see a message that says, “**OS verification is Off, press Enter to confirm you wish to turn OS verification on. Your system will reboot and local data will be cleared.**” Press the **Enter** key.

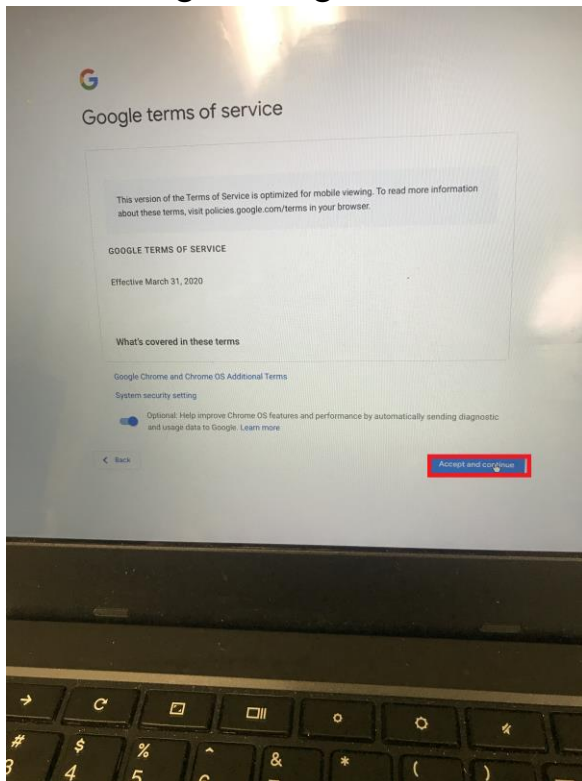

7. Wait a few moments. When the Welcome screen appears click **Let's go**.

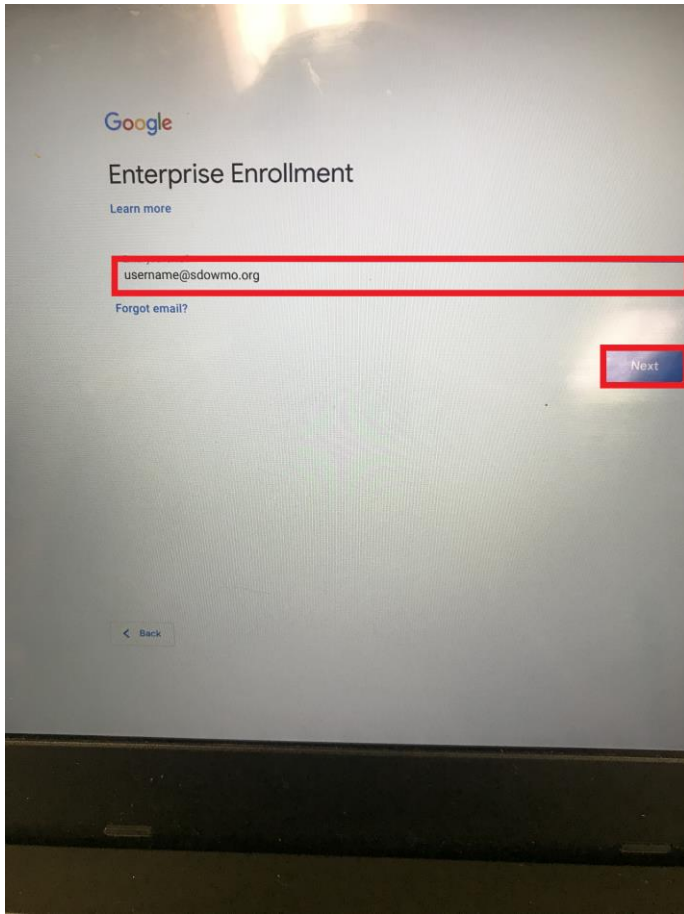

8. Connect to a Wi-Fi network. If you're in the district connect to BlueJayNet-Guest. If you're at home connect to your Wi-Fi network.

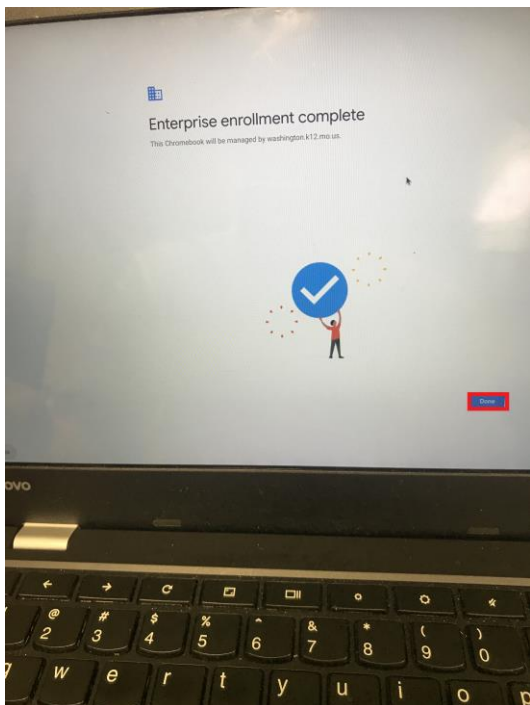

9. Review and agree Google's terms of service. Press **Accept and continue** when ready.

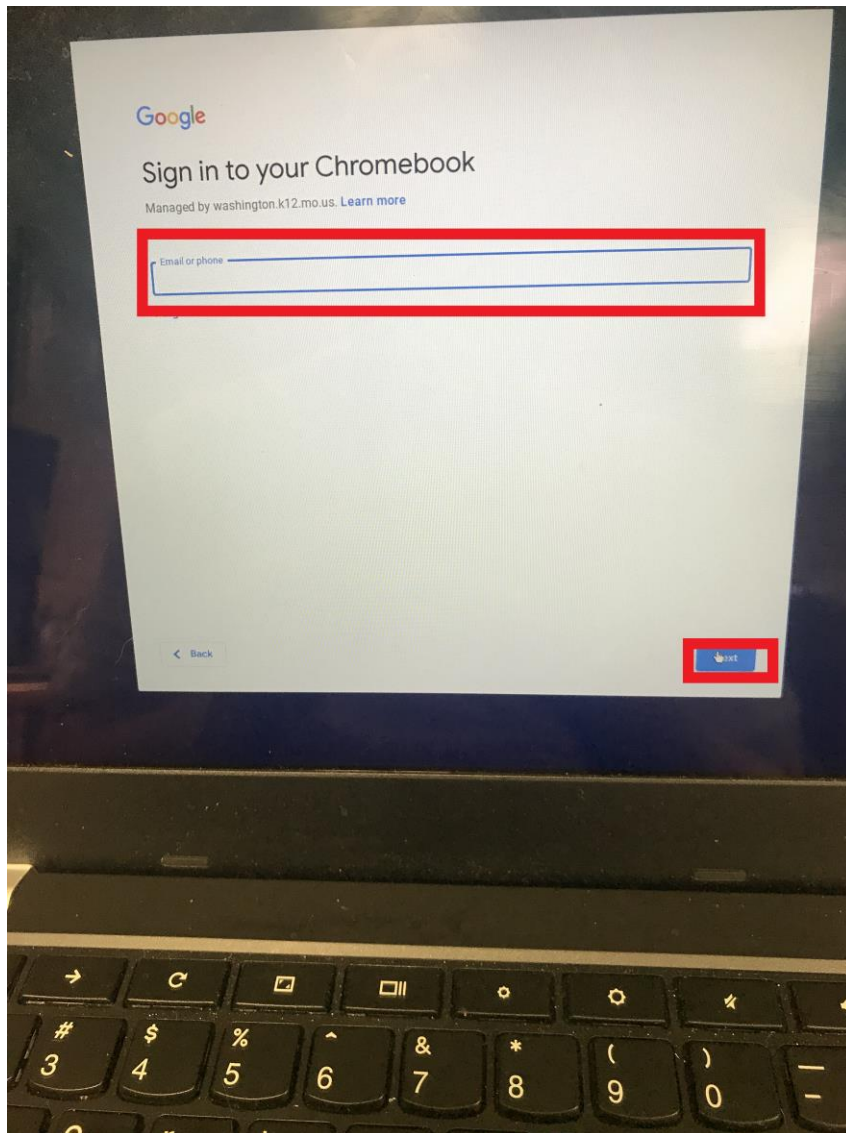

10. When the Enterprise Enrollment screen appears, enter your school email address, **username@sdownmo.org**. Then click on **Next**.

11. Now you should see the screen saying, “**Enterprise enrollment is complete.**” Press **Done**.

12. Sign into your chrome book as you normally would.

If you have made it this far, then you have successfully power washed a chrome book.
